

Family Profile Posters

Description: Learning can be fun and can happen in any setting. Through this activity, you will be able to list all of the fun activities you do as a family and also identify different opportunities for learning!

Materials: poster boards, markers, pencils, creativity

Steps:

1. As a family decide what activities you enjoy doing together that you would like to add to your poster.
2. Draw or paste pictures of the activity on the poster in any format that you would like. Be sure to leave room for a description of the activity and ways to learn
3. Beneath or next to each picture, put the title of the activity, and different things that you can learn or practice while completing the activity as a family.

For example: Building with LEGOs- counting, identifying colors, adding and subtracting, and learning patterns.

Florida Standards Practiced:

English Language Arts
